

ICYMI: Presentation and Q&A on Horizon's COVID-19 vaccination clinics Zoom session

This morning, a discussion on Horizon's COVID-19 vaccination clinics was held with staff and physicians on Zoom.

Jean Daigle, VP Community, provide an update on Horizon's community-based COVID-19 vaccination clinics and our role in New Brunswick's COVID-19 vaccine rollout plan, followed by a question and answer session.

If you weren't able to attend, you're invited to watch [this](#) recorded version of Jean's presentation.

A huge **thank you** to the Jean for his time and knowledge, and to all those participants who took the time to ask questions.
