

Reminder: IPC Orange Phase

Please remember all Horizon facilities remain on Infection Prevention and Control (IPC) Orange Phase Precautions. These precautions include:

Hand hygiene: performing hand hygiene upon entry and exit to any Horizon facility and before and after all patient interactions.

Masking: health care workers working in clinical and non-clinical areas are required to wear **medical grade face masks at all times** in all areas of their workplace when a physical barrier (i.e. plexiglass) is not in place to prevent transmission of droplets.

Physical distancing: in cafeterias, departmental lunchrooms, meeting rooms and amphitheatres remains at two metres (six feet).

For IPC guidance for all phases, please consult the All Phases - Chart IPC Guidance [here](#).
